

Project Design Phase-II

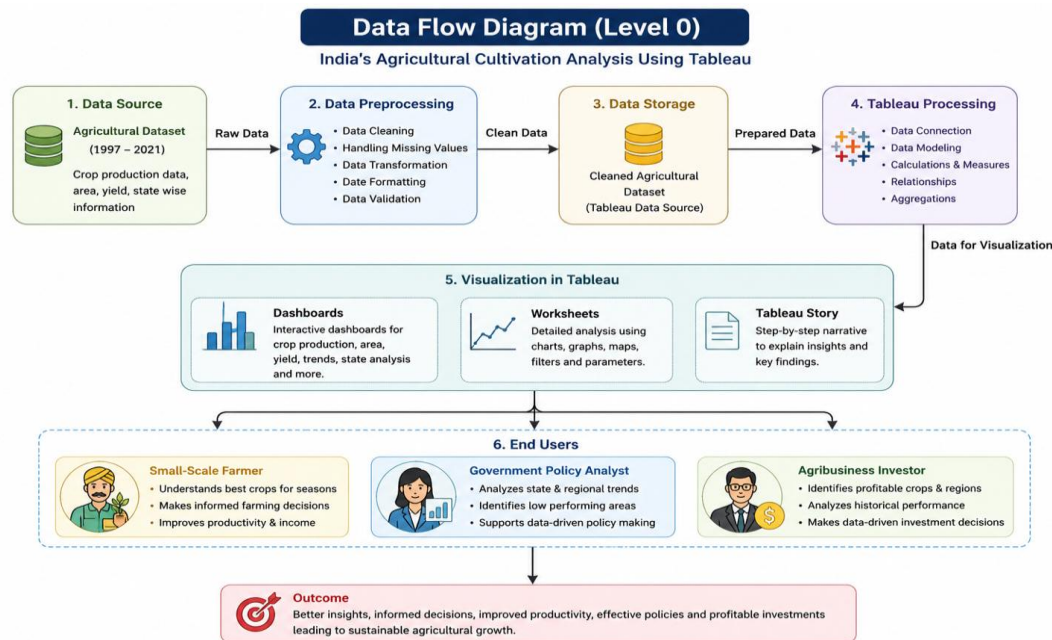

Data Flow Diagram & User Stories

Date	02 July 2026
Team ID	
Project Name	India's Agricultural Crop Production Analysis
Maximum Marks	4 Marks

Data Flow Diagram:

The Data Flow Diagram represents the flow of agricultural data from the source dataset through preprocessing, cleaning, and Tableau visualization. The processed data is transformed into interactive dashboards and stories that provide meaningful insights. These insights help farmers, government analysts, and investors make informed decisions based on historical agricultural trends.

DIAGRAM:

User Stories:

User Type	Functional Requirement (Epic)	User Story Number	User Story / Task	Acceptance criteria	Priority	Release
Small-Scale Farmer	Dashboard Access	USN-1	As a farmer, I want to access the Tableau dashboard to view agricultural production data.	Dashboard opens successfully and displays all visualizations.	High	Sprint-1
Small-Scale Farmer	Crop Analysis	USN-2	As a farmer, I want to filter crop production data by state, season, and year.	Selected filters update the dashboard correctly.	High	Sprint-1
Small-Scale Farmer	Trend Analysis	USN-3	As a farmer, I want to compare crop production trends over different years	Trend charts display accurate historical data.	Medium	Sprint-1
Government Policy Analyst	Regional Analysis	USN-4	As a policy analyst, I want to identify high and low-performing states.	Dashboard highlights regional production performance.	High	Sprint-1
Government Policy Analyst	Seasonal Analysis	USN-5	As a policy analyst, I want to analyze seasonal crop production trends.	Seasonal charts display correct information.	High	Sprint-1
Government Policy Analyst	Report Generation	USN-6	As a policy analyst, I want to export dashboards for reporting purposes.	Dashboard can be exported successfully.	Medium	Sprint-2
Agribusiness Investor	Crop Comparison	USN-7	As an investor, I want to compare crop production across different states.	Dashboard provides accurate comparison charts.	High	Sprint-1
Agribusiness Investor	Profitability Analysis	USN-8	As an investor, I want to identify high-performing crops using historical data.	Dashboard displays production trends clearly.	High	Sprint-1
Agribusiness Investor	Interactive Dashboard	USN-9	As an investor, I want to interact with charts and filters to explore agricultural insights.	All dashboard filters and charts respond correctly.	Medium	Sprint-2
All Users	Tableau Story	USN-10	As a user, I want to view the Tableau Story to understand key agricultural insights	Tableau Story displays all insights in sequence.	Medium	Sprint-2
